

The **Lamar County Fairgrounds and Community Complex** was built in 1999 to provide an affordable multi-use complex for the citizens of Lamar County. The

Entrance Building

has a large porch that surrounds a Meeting Room, Concession Stand, Restrooms and has a covered walk-way to the Main Arena.

The **Meeting Room** which measures 24x35 seat 65 people comfortably and is equipped with Men and Women Restroom/Dressing Rooms.

The **Concession Stand** is equipped to handle large crowds with fountain drinks, hamburgers, hot dogs, nachos, popcorn, chips and candy.

The **Main Arena** measures 200x300 feet and is covered. There are two sets of spacious wooden bleachers that comfortably seat over 2,300 people. The performance area can be opened on two ends allowing for an additional 2,500 folding chairs for stage presentations.

The livestock and horse configuration allows for a 135 x 200 foot performance area with pens on each end that includes holding areas, bucking chutes, team roping, etcetera. A chute is conveniently concealed under one side of the bleachers. The **Arena floor** is composed of sand clay soil that can be tightly packed to accommodate walking.

The **Main Area** is connected to a **Horse Barn** and **Exhibit Barn** by covered walk-way.

The **Horse Barn** is well ventilated and has 119 wooden stalls that are 10 x 12 feet each with several water faucets located at the end of each alley. An animal wash area located at the rear of the **Horse Barn** can accommodate six animals at a time.

The **Exhibit Barn** can tie 180 cattle and allows for a 12 foot walk-way between the rows. The **Exhibit Barn**

also is designed to comfortably accommodate 120 10 x 12 foot spaces for vendors or exhibitors while maintaining a 12 foot walk-way for spectators or shoppers.
